Job Summary:

This position is with Southeast Highway Guardrail and Attenuators, LLC located in West Palm Beach, FL. We are currently looking for a Mechanic to join our team who is hardworking, self-directed, and motivated with a commitment to maintaining high quality standards. You would be servicing, maintaining, and ensuring the efficiency of our trucks as well as other machinery on site such as skid steers bobcats and post pounders.

Responsibilities:

- Complete designated tasks each day
- Maintain time and production standards set
- Communicate to Supervisor if an issue arises
- Responsible to maintain our high-quality service standards
- Ensure preventive maintenance takes place
- Report problems with equipment to ensure preventive maintenance happens
- Constantly strive to maintain safety standards as established and required by the State of Florida and company policy
- Aid/assist drivers in the completion of the daily Post-trip and vehicle safety inspection process
- Conducts safety checks on vehicles and equipment
- Complete lubrication and repair of lubrication points on vehicles as assigned on the daily schedule
- Ability to learn and utilize brake inspection procedures and complete documentation daily
- Perform basic repairs and maintenance on Dodge trucks, International trucks, skid steers bob cats and post pounders
- Communication with drivers as to issues with vehicles and discusses preventative techniques that may minimize future repairs
- Maintains a clean, safe work area in compliance with company and OSHA standards
- Maintain a high standard of Ethics and dependability
- Follows all safety policies and procedures
- Travel to other office locations in Florida as needed. We will provide a company vehicle.
- Be available to work Monday - Friday 8am-5pm and weekends

Required Qualifications:

Valid driver's license and must have a clean driving record

Ability to perform physical requirements of the position with or without reasonable accommodations

15+ years of truck repair experience in the construction industry and with Dodge trucks, International trucks, skid steers bob cats and post pounders

Able to repair air brakes, hydraulics, and conduct diagnostics

ASE is required

Bi-lingual is a plus (Spanish and English)

Must have good communication skills and a great attitude

Able to work unsupervised and provide quality work
